

This is the Buffalo County Historical Society/Trails & Rails Museum Wish List. If you would like to donate your time, money or items to Buffalo County Historical Society, please feel free to call Jennifer Murrish at 308-234-3041. All donations are tax deductible.

<u>Phase 2 of the Family History Center</u>	The goal is \$660,000 for Phase 2 of the Family History Center. A \$100,000 grant has been received already, so we are so close to completing this entire project. Please consider donating to your Buffalo County Historical Society to help us be good stewards to all of Buffalo County's vast history.
<u>flip-top nesting tables</u>	An assortment of nesting flip-top tables would be ideal to create a conference table. We hold meetings in the new conference room now, but with large folding tables. The nesting tables would allow this space to be multi-functional. Demco.com has these for \$340-440 each.
<u>Task Chairs</u>	15 task chairs would be ideal for the conference room, as well.
<u>60-carton record storage rack</u>	A grant was used to purchase 12 units for the new archival space, but we need eight more! Gaylord.com sells these for \$405 each.
<u>Large flat rolling cart</u>	The archive volunteers have been dreaming and wishing for a large, flat rolling cart.
<u>5 shelf storage unit</u>	These heavy-duty plastic shelving units are great for our closets (we aren't used to closet space, so this is pretty exciting!). Six of these units would be ideal and they retail for \$35 at Wal-mart.
<u>Ink for printers</u> Brother LC 103 and HP 952, 27 and 28	Our printers are used daily for research queries, event promotions, Museum projects, and day-to-day operations. Ink donations would be very helpful to our not-for-profit budget.
<u>White, stackable or folding chairs</u>	This would be great for special events and weddings. 100 chairs would be ideal. They do not necessarily have to be white. Uline.com has some for \$29-42 for 4 of chairs.
<u>Chair rack for storage</u>	A 2-tier storage rack for 86 chairs is on uline.com for \$419.
<u>2 walk-behind snow blowers</u>	The walk-behind snow blowers work the best for our brick pathways around our grounds. 2 is a dream. We would be thrilled with 1! 😊
<u>Authentic rope machine</u>	Our rope-making volunteers have to bring their own machine with them. We would love to have a machine of our own so everyone can try it. Since this piece will be for educational use only, it does not necessarily have to be from Buffalo County.
<u>Computers</u>	Updated computers (and additional pieces) would help in both the office and in the archives for our faithful volunteers. We prefer modern pieces, so we can have at least Microsoft Excel and Word on them.
<u>Golf cart</u>	During special events, a golf cart has been borrowed in the past to help shuttle those that park far away and/or have difficulty moving around the grounds. It would be a huge help to have one donated to us, to have on-hand for each event.

As a not-for-profit, 501C-3 organization, we are always in need of volunteers, event and project sponsors, building fund donors (There are still naming rights available, but honestly, every dollar helps us get closer to our goal), and members. *We appreciate your support!*
